GET YOUR COMMERCIAL DRONE
LICENSE AND START MAKING
MONEY! (IN PERSON)**

Aerial Photography - Roofing Checks - Real Estate Video - Weddings - GoPro Stunts

Just think of all the money you could make if you flew commercially.... and without spending the big bucks getting a "real" commercial pilot license. The FAA now allows you to apply for your commercial drone/UAS (Unmanned Aerial Vehicles) license, called a Remote Pilot Certificate, by passing a multiple-choice test and paying a small fee. No experience needed.

If you're flying your drone for fun in your back yard, you do not need a license. If you wish to make money taking pictures, then you must have an FAA 14 CFR part 107 Remote Pilot Certificate.

This 8-hour Community Education course will help you prepare to take the Remote Pilot/FAA Test to receive certification. This course is classroom instruction only. There will not be any drone flying.

You must be at least 16 years old and have a valid government-issued picture ID. The test center fee is \$150 (FAA regulated and is not included in

the price of the class. You will need to pass a TSA background check before receiving your license.

NO DAYS VACANT—NO LOST RENT PROPERTY MANAGEMENT ANYBODY CAN DO (IN PERSON)

Did your house not sell and now you've got to rent it out? Are you an "accidental landlord"? Tired of property managers ripping you off? Most people hate the idea of total strangers living in your houses that don't pay on time, call you at 2 am and trash out your property. It doesn't have to be like this. How would you like your residents to?

- Pay the rent before it's due?
- Maintain or even improve your property's value?
- Get along with the neighbors?
- Stay a long time?

Land lording is an invaluable skill because tenants will make you rich.

They will pay off your loans for you, protect your property and provide you with a constant and never-ending stream of checks that show up in your mailbox every month. Having a portfolio of rented out houses is the best investment ever—better than annuities, better than stocks, better than gold. In this informative and practical class, attendees will:

- Become skilled at training your tenants to work FOR you
- Learn how to find the neighborhoods where properties rent quickly and easily
- Be surprised at the "no hassle" way of managing properties
- Learn how to find and screen great tenants you can trust
- Uncover simple ways to increase cash flow
- Discover how your residents will do the land lording work for you
- See how to identify the most profitable properties
- Be warned about which home improvements to avoid
- Realize why landlord-tenant laws are so vital
- Utilize powerful, ready-to-use land lording forms
- How to advertise and market your properties at little or no cost

- Turn up little-known tax breaks available to full time or part time landlords

This seminar will show first time and experienced investors how to safely and easily rent out houses with minimal time and effort.

Steve Dexter is author of the top-rated book "Real Estate Debt Can Make You Rich" published by McGraw-Hill. He is a distinguished speaker at Harvard Business School, Harvard Law School and their Graduate School of Design. He writes for several national publications and own 27 investment houses, mostly in Southern California.

KIDS & TEEN IMPROV (IMPROVISATIONAL ACTING FOR ages 10-16) (IN PERSON)

Having fun is the name of the game in this exciting improv class. This session will cover all the basics of comedy improv, through a variety of exercises and games, designed to enhance spontaneity, focus, and creative play. Some of the benefits of this fun and supportive class are heightened listening, concentration, communication and creative skills, for both performers and non-performers. Curriculum will involve a diverse variety of fun improv exercises, games and scenes in a safe and supportive environment. Training will emphasize commitment to 'yes and,' spontaneity, stage awareness and confidence building, as well as a stronger development of sensory skills (audio, visual, etc.). You don't have to be a professional actor to participate, or to enjoy the rewards of improv. You just have to be willing to laugh, play, and have fun!

Rosanne Limeres is a professional actress and singer, with over 25 years of experience in "the biz." Having studied comedy improv extensively at IO West in Hollywood, she is currently a member of the award-winning comedy improv troupe Slow...Children at Play (S...CAP), performing monthly shows at the Whitmore-Lindley Theater in North Hollywood. She has been a member of S...CAP since 2008. Rosanne has been teach-

ing improv classes to teens and kids since 2012, and has lent her talents to various children's theater camps, most recently Delightful Productions in Culver City. She has appeared in commercials, films and television, and has also sung on several film soundtracks, as well as performing a one-woman show, *An Evening with Betsy O'Connell*.
